#20/hrs. re: Decision on Related Appeal Cases
h. morgan
10/12/01

In that decision, the Board of Patent Appeals reversed an Examiner's rejection under § 103 on grounds that the rejection was based on improper hindsight reconstruction.

The present application is not directly related (on priority grounds) to the '556 application. However, both applications are directed to similar subject matter. And so, a decision in the '556 application is believed to be relevant in the appeal of the present application.

Accordingly, Appellant wishes to bring to the attention of the Board, the recent favorable decision in Appellant's '556 application.

Respectfully submitted,

FAY, SHARPE, FAGAN,
MINNICH & McKEE, LLP
